Biocide D Extra

Powder chlorine based detergent disinfectant

ACT29GNR529/213888/070/281

Description

*Biocide D Extra* is a detergent disinfectant based on an organic chlorine source and synthetic detergents.

*Biocide D Extra* conforms to SABS 1853 “Disinfectants and Detergent disinfectants for use in the food industry” and also to SABS 1196 “detergent disinfectant based on Organic Halogen Compounds (other than iodine).”

Features | Benefits
--- | ---
• Packed in 30-g sachets | • Economical.
• Chlorinated | • Improves proteinaceous soil removal efficiency.
• Fully formulated | • Provides good cleaning and disinfectant results.
• Good disinfectant properties | • Broad-spectrum biocidal action.

Instructions for use

*Biocide D Extra* is suitable for use in most common combined cleaning and disinfecting operations such as:

- Food processing areas.
- Crockery and cutlery cleaning.
- Dish cloths and towel cleaning.
- Hospitals.

For most applications dissolve 1 sachet in 9 litres of water. This solution yields 300 ppm available chlorine.

For heavy-duty applications dissolve 2 sachets in 9 litres of water. Remove gross soiling prior to applying *Biocide D Extra*.

At the recommended level, *Biocide D Extra* is effective against a wide variety of commonly encountered bacteria, for example:

*P. aeruginosa; E. coli; S. aureus.*
Biocide D Extra
